Homeland Security

DHS Division - Homeland Security Officers and Court Security Officers

Our Homeland Security Division consists of Officers protecting Federal Buildings across the Nation, (FPS), and our Court Security Officers who are all retired Police Officers protecting our Federal Court Houses, (USMS).

UGSOA's DHS Division continues to grow and thrive. Collectively that are the largest group of Members being represented by our Union.

NRC Division

We have several Nuclear Power Plants that will be decommissioning within the next few years leaving more than 400 of our long standing, highly trained members unemployed. UGSOA has been working to aide these Officers in transitioning into other security related jobs in either the DHS field or in Corrections.

Corrections

UGSOA represents many Officers working at Immigration and Customs Correctional Facilities around the Nation. Most of them have joined the UGSOA family within the last two years.

Due to rapid growth in this area of enforcement, we have created a Division for them to remain in line with our Organizational structure. Welcome!
